The college abides by the norms of Kurukshetra University, Kurukshetra with regards to semester and annual system. These include theory, practical, viva-voce and project work etc. Other than regular university examinations, for internal evaluation, various class tests, assignments and viva-voce are conducted. Students are given due opportunity to review their answer scripts.

6.3.4 Research and Development

The College has a research friendly environment. Faculty members are actively engaged in research work in their respective areas and regularly publish their research papers in international and national journals of repute. To develop research aptitude, faculty participate and present papers in workshops, seminars and conferences regularly. The college also organises seminars and conferences from time to time. In addition to the journals available in hard copy, the college library has subscribed to INFLIBNET.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The library is fully computerised. Reprography and internet facilities are provided to users.

The college is updating ICT facilities and other infrastructural facilities to facilitate effective teaching and learning process. Students are assigned projects that require the use of ICT tools. A popular mode of presentations in practice is power point presentations (PPTs).

The completion of indoor stadium cum sports complex is a major addition to the infrastructure. As per requirements, proper budget is prepared with due provision for equipments, furniture, labs and classrooms. The institution has allocated sufficient resources for regular maintenance and upkeep of infrastructure, basic amenities and equipments. The quality of drinking water for students is ensured through adequate number of water purifiers and water coolers.

6.3.6 Human Resource Management

The college management ensures a supportive environment and the quality of human resources is constantly improved and upgraded. To recognise the deep rooted tradition of belongingness, the institution has continued with a unique practice of honouring the employees on completing twenty five years of service. Moreover, ample opportunities are provided for the professional progress of teaching and non-teaching staff.

6.3.7 Faculty and Staff recruitment

Recruitments to the teaching and non-teaching staff are done as per guidelines of the affiliating university and state government. The vacancies against non-sanctioned posts are filled by the governing body as per norms through its own resources.

6.3.8 Industry Interaction / Collaboration

To develop entrepreneurial outlook among students, visits to local industry and manufacturing units continued as a regular feature. On-the-job training programmes were organised for vocational courses (B.B.A., B.C.A. and P.G.D.C.A. etc). Department of Commerce, Economics, Physics and Zoology organised industrial visits for the students at various places.

Various departments carry forward the linkages and collaborations with industry, scientific, educational and cultural organisations/institutions to provide the students required exposure and career opportunities.

6.3.9 Admission of Students

As the most preferred destination in the region, applications received for admissions to various courses are usually many times the number of seats allotted. The admission process is strictly based on the criteria of merit and reservation policy as per the norms of the State Government and Kurukshetra University Kurukshetra.

6.4 Welfare schemes for

Teaching	Group insurance, loan facility and maternity leave. Pension and gratuity for staff under aided structure. Interest-free wheat loan and uniform for Class IV employees. A welfare society of the members from teaching and non-teaching employees for extreme exigencies is also working.
Non teaching	
Students	Financial help in form of a large number of scholarships instituted by Alumni and philanthropists. Special aid from SAF towards admission fee, book bank and winter dress for needy students. The Student Welfare Committee is working as nodal agency for this purpose.

6.11 Activities and support from the Alumni Association

The institution has a vibrant relationship with Alumni. The Annual Alumni Meet is held on the Founder's Day. The Alumni have been supporting different infrastructural projects and library. The seminal initiative of the Alumni in form of financial support to the students is also well institutionalised. Further, the association takes keen interest in college activities and provides useful feedback from time to time. Teaching departments track the progression of alumni.

6.12 Activities and support from the Parent – Teacher Association

Despite the absence of a formal Parent-Teacher association, Principal and the faculty keep in constant touch with parents. Feedback and suggestions received for improvement in the functioning of the institution are given proper thought and consideration.

6.13 Development programmes for support staff

IQAC in coordination with Dept of Computer Science organised computer literacy program with practice sessions for supportive staff to train them with functional knowledge of Computer, Internet Access and e-Governance.

6.14 Initiatives taken by the institution to make the campus eco-friendly

- The college has been maintaining a clean and green campus with aesthetically selected plants and carefully groomed lawns. A plantation drive in coordination with Forest Department was undertaken to increase the green cover.
- Various committees like Campus Beautification and Floriculture Committee, Waste Disposal Committee and NSS units protect, conserve and monitor the environment.
- Dustbins have been placed at various locations in large number.
- Use of polythene bags is banned.
- Prescribed procedure is followed for the disposal of hazardous chemical waste.
- Students are made aware about the importance of clean environment through special drives.
- CFL/ LED lamps have replaced incandescent lamps in the campus to save electricity.
- Special care is taken to switch off electrical appliances and equipments when not in use.
- To promote the use of clean energy, gradual shift to solar power has been planned.
- The artificial recharge structure installed in the playground of the college was properly maintained.

Criterion – VII

Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the Functioning of the institution. Give details

- As a part of institutional drive for innovation in teaching-learning, a number of Teaching Departments experimented through activities focused on curriculum. For example:

7.6 Any other relevant information the institution wishes to add. (For example SWOT Analysis)

1. SWOT

a. Strengths

- Credible standing as a premier co-educational institute with a legacy of six decades in value based education.
- A multi faculty self-financed evening session with increasing focus on vocational courses.
- Glorious history in sports and cultural activities.

b. Weaknesses

- The rural-urban divide in demography of students has a direct bearing on their engagement in campus activities beyond teaching schedule.
- Limitations in timely filling of regular posts due to constraints posed by changes in government policies from time to time.

c. Opportunities

- Vocational character of courses such as B.Sc. (Computer Science), B.Sc. (Electronics), B.Com. (Taxation), B.Com. (Insurance) B.Com. (Hons), B.B.A., B.C.A. and P.G.D.C.A. has enhanced prospects of skill development for employment in various sectors.
- The vibrant sports culture, spacious play grounds and newly added multi-purpose indoor stadium in the college provides ample scope of grooming players as professionals.

d. Threats/Challenges

- To tap the academic potential of faculty and fulfil the aspirations students for continuing their higher education and research interests in the institution, a viable collaboration needs to be developed with institutes of repute providing scope for exchange programs
- To strengthen self-learning and refine communication skills for greater employability of the students.

2. Healthy Practices

- Comprehensive Orientation Program for Students-Support Services
- Innovative Teaching-Learning

8. Plans of institution for next year

- To get the accreditation of the College from NAAC.
- To explore starting of Master's in Physics and Chemistry.
- To install solar power plant and solar lights in the campus.

Best Practice of the Year-I

- **Title of the Practice**

Comprehensive Orientation Program for Students-Support Services

- **The context that required the initiation of Practice**

Progressive increase in the number of students enrolled, working under semester system in recent years and addition of new courses demanded a constant updating of Students Support Services with proper orientation of students. Principal held a meeting of Conveners/ Teachers-in-charge of various cells and committees and discussed how to make students fully aware about Student Support Services. A decision was taken to hold a detailed orientation program with special and elaborate presentations by the faculty in-charge of different cells/committees for newly admitted students.

- **Objectives of the Practice**

- To apprise students about rules and regulations of the affiliating university.
- To make students aware about the benefits of participation in NSS/NCC and extra-curricular activities.
- To hold a well focused session on Students Support Services and the role of Students Welfare Committee

- **The practice**

The usual occasion of Principal address at the beginning of the academic session provided required space and time for this purpose. Ramkrishan Hall was selected as the venue. During a four hour long exercise, students were acquainted with the student-centric objectives and functioning of different cells/committees as highlighted in the college website and prospectus. Conveners/incharges of different cells/committees made elaborate presentations inviting students to enroll as per their needs and interests. Student volunteers were actively involved to create a supportive environment with 'May I help you' counters. In a special session - 'Campus Experience,' senior students of undergraduate and postgraduate classes shared their views and experiences on the Student Support services available in the college.

- **Obstacles faced if any and strategies adopted to overcome**

The transitions from the usual 'Principal's Address' to this Orientation program was quite smooth and hassle free.

- **Impact of the Practice**

This exercise significantly reduced queries and doubts from new students regarding time table, registration / enrollment in different activities, library services, students support services, scholarships and schedule of internal exams, assessments and university examinations. Students started college life with required self confidence and familiarity with the faculty. Their transition from school education to ways of teaching- learning at the college level was quick and they adapted to the college environment and mixed up with their peers in different activities with greater ease.

- **Resources Required**

No additional resources were required except special sitting arrangements.

Best Practice-II

- **Title of the Practice**

Innovative Teaching-Learning

- **The context that required the initiation of Practice**

Over the years, the teaching-learning process has been witnessing a definite progression with various modes of experimentation and inclusion of ICT tools within and outside the class room. However, it was felt that the communication skills of students is an aspect that requires creation of special situations and conducive environment to convert their skills into lifelong ability. It was duly recognized that the communication skills in English have a direct bearing on the zeal, self-confidence and interest of students in continuing higher education. It was also seen as a crucial factor in their prospects of employment.

- **Objectives of the Practice**

- To focus on credible forms of innovations in teaching-learning
- To give special attention to communication skills in English.

- **The practice**

Different teaching departments planned innovations in teaching-learning around the central objective of enhancing communication skills of students. Participation of students was ensured through choice of syllabus based topics and their engagement in overall planning and implementation in coordination with the faculty. Departments of Commerce, Physics, Computer Science and Chemistry re-invented the formats of seminars and group discussions. Before the performance, students were provided with required guidance for preparing slides of presentations and their responses for the discussion sessions. Department of English planned and implemented a month long workshop with students of various faculties. Entitled as 'Learning through Enactment', this workshop engaged about 150 students. Forming different groups of 4-5 students, each group was assigned tasks to perform in form of simple drama activities like dialogue-in-situation, ad- and scene-enact, mock interview and newspaper reporting. With mutual discussions and exchange of ideas, they were guided to frame and finalise dialogues and scripts for these activities. In dialogue-in-situation, students were encouraged to converse in a team of two through dialogue exchange in local contexts.

- **Obstacles faced if any and strategies adopted to overcome**

The constraints of semester system required prime focus on the syllabus of specific subject. This aspect was given utmost care and attention in planning and implementation.

- **Impact of the Practice**

Students of different faculties and backgrounds participated with keen interest. With a feeling of healthy competition among themselves they worked hard to learn more and express effectively. The workshop of the department of English got encouraging feedback from student participants. Most of them felt more confident and were enthusiastic for carrying forward this practice in future. Moreover, teachers' role was found to be a major factor in involving and guiding the participants. When asked about the need to

organise such workshops in future, 86% students favoured inclusion of such activities in their curriculum. This effort got international recognition when Dr. Geeta Goyal, a faculty of the department, was awarded a scholarship by International association of Teachers of English As a foreign Language (IATEFL) and invited to present a paper at Birmingham, April, 2016. Based on the process and outcome of the workshop, this research paper was published in ‘Conference Selections: Birmingham 2016.’

- **Resources Required**

Generally, resources available in the college were adequate enough to carry out this practice. The teams participating in the workshop organized by the department of English, required additional materials or tools such as costumes, audio-visual system and other aids like posters and placards.
